<section>
<h2>Professional Summary</h2>
<p>
    Creative Technologist combining AI-driven media production with professional music
    creation.
    Experienced in developing AI-powered video content, animations, and sound design for
    digital platforms.
    Strong focus on scalable content creation, audience engagement, and creative
    innovation—aligned with
    AI, media, and creative roles within Google and similar technology-driven organizations.
</p>
</section>

<section>
<h2>Core Competencies</h2>

```

- AI Content Creation & Automation: Leveraging AI tools to streamline content production workflows.
- Creative Technology & Digital Media: Combining technical expertise with creative vision.
- Music Production & Sound Design: Professional music creation and audio engineering.
- Animation & Visual Storytelling: Creating engaging animations and visual narratives.
- Multimedia Content Strategy: Developing comprehensive strategies across multiple platforms.
- Cross-functional Collaboration: Working effectively with creators and brands.
